## City Green Community Compost Program

City Green's Community Compost Program provides a place for community members to drop off their food and kitchen scraps once per week at the City Green Farm Eco-Center. The food and kitchen scraps are collected and added to our Farm compost pile, which is maintained by our Farm Crew. Compost drop-off provides a unique opportunity for our community to play a part in generating the compost we use on our farm to grow our vegetables. The Community Compost Program will run from June - November 15th and members must attend a Compost Training Session on Wednesday June 9 at 5pm.
